## ANNUAL REPORT OF THE FIRE WARDENS OF THE TOWN OF GOFFSTOWN, 1937

---

It is with a feeling of sorrow that I am obliged to announce that the fire loss sustained by our Town during the past year is the largest ever recorded, our Town Hall, S. K. Lovell's barn and Mrs. Grevier's camp being total losses. Mr. Lovell's barn was struck by lightning and soon consumed. The camp at the base of the mountain called for a three mile run after a delayed alarm. These camps are without resisting partitions to check the spread of flames and once a fire gets well started a camp is similar to a brooder house, the whole interior a roaring furnace. This fire was caused by a neglected fireplace. On March 11th our townspeople were dealt a terrible blow—our Town Hall was destroyed. We all feel this loss in many ways, for within those walls all of us have spent many happy and instructive hours. Our loss also will prove to be a financial burden. As serious as this will surely be, let us be thankful that this fire did not occur the day previous when the wind blew forty knots an hour. Doubtless many other buildings would have suffered loss had the fire occurred on the 10th.

We sincerely hope whenever the Hall is rebuilt that some means of getting water into blind attics is taken care of. The old Hall had no such openings and no ladders were long enough to reach the attic from the rear. The slate roof also held the dense smoke in and the hemlock boughs and balls of cotton used in trimming the stage made poisonous gases which caused several of the firemen to nauseate. At least we should be thankful no one was killed or injured. After this fire, assisted by Deputy Merrill, we inspected other public buildings and halls and offered suggestions relative to fire hazards. Nearly every place was improved at once, but we still hope the Trustees of the Congregational Church will place a window in the

east end of the church. There is a dangerous hazard beneath that slate roof.

I wish to thank the citizens and every fireman for their loyalty and support, also the many owners of forest lands who rather than cause unnecessary expense asked for permits to burn. Let me remind you . . . A permit costs nothing and may save many dollars.

During the past year, the firemen called on residents of the Precinct for a cash donation rather than run their annual supper. The response was gratifying and the boys have now purchased an inhalator from your donations. Less than 24 hours after its arrival, Dr. Backus used the inhalator and has told the boys, without doubt it saved a child's life.

Personally, I feel very proud to be in charge of a group of men who have proven themselves public spirited. This machine is for the use of doctors in emergency cases and should prove beneficial in case of drowning, electrical shock, suffocation, and pneumonia.

I have arranged with Chief French of Manchester for a series of lessons in methods of fighting fires, proper ways to ventilate burning buildings and first aid instructions.

I sincerely hope you, as Citizens of our Town, will encourage them to continue the fine work they are trying to do.

## REPORT OF RECREATION COMMISSION FOR CARE OF BARNARD'S PLAYGROUND

---

The general supervision of the Playground was allotted as follows: Grandstand, tools, electric lights and arch, Raymond J. Ewart; ball field, score board, grass and water, Stanley W. Wright; tennis court and pond, Alfred W. Poore; children's equipment and settees, Ruth B. Luscombe; trees, shrubs and flag, Lina R. Lamson.

Ruth B. Luscombe and Stanley W. Wright were re-appointed by the Selectmen for three years.

The pond was greatly appreciated as a safe bathing place.

The baseball diamond was levelled off, rolled and put in proper condition for the games.

The children's equipment and sandpile provided entertainment for the younger children.

New nets and tape were purchased for the tennis court. The Commission hopes to re-surface both courts this Spring.

The American Legion and the Boy Scouts held their annual lawn party at the Playground. Smaller groups enjoyed picnic outings.

## REPORT OF TRUSTEES OF GOFFSTOWN PUBLIC LIBRARY

---

An unusual situation presented itself early in the year when we were called upon to furnish office room for the town officials, left shelterless by the burning of the town hall. While we were glad to co-operate at this time of need it meant giving up the children's room which had so recently become a reality, thereby curtailing to some extent the work with the children. However, this situation is only temporary and the room will be restored to the young people as soon as the town officers occupy new quarters.

The town hall furnace, which was not damaged by the fire, was installed at the library, replacing the old furnace. This was a much-needed improvement and it has given satisfactory service. A valuable addition to the library equipment is the new card catalog cabinet. All catalog cards for juvenile books are being removed and will be placed in the children's room, thereby relieving the congestion of the main catalog. Owing to crowded conditions in the building it has been impossible to proceed with the program of repairs as planned so an extra amount of this work will have to be done another year.

Miss Louise Marden, librarian, reports an increase in circulation over last year, both in the main building and at Grasmere. This indicates growth and greater usefulness. Miss Annie Harrington continued as assistant librarian while Mrs. Beulah Engelhardt succeeded Mrs. Laurie Carlton, who resigned as substitute. After the death of Frank Morgrage, who had served as janitor for several years, George Goodwin took over the janitor work.

Many individuals and two local organizations, the Shir-

ley Club and the Unity Club, have shown their interest in the library by gifts of books and periodicals, and to all these the Trustees extend their thanks.

## REPORT OF CEMETERY TRUSTEES

---

During the past year the maintenance of our cemeteries has been kept at its usual high standard, minor improvements made and a substantial amount added to perpetual care fund.

At Westlawn, the trees bordering the drives have increased in size to the extent that they have rendered the traveled way very narrow, and their shade is causing stains on nearby monuments, a condition that must be remedied soon.

Hillside Cemetery needs a new drive constructed to render the lots on the south slope more accessible.

In the death of Frank W. Kendall, chairman of the trustees, we have lost a valued member. For many years he has served as a trustee, and his good judgment and wise counsel will be sadly missed.

## REPORT OF THE SUPERINTENDENT OF SCHOOLS

---

*To the Citizens of Goffstown Independent School District:*

At the close of last year Miss Florence Tarr accepted a position in the Portsmouth schools teaching history in the high and the junior high school. This was a merited professional advance for Miss Tarr. The vacancy here was provided for by sending Miss Katharine McLain from grades seven and eight to grade eight, and the teaching of mathematics and history in high school. She still has charge of the eighth grade homeroom. Then to take charge of grade seven and some of the work of grade eight Miss Kathryn Walsh of Manchester, a Keene Normal School graduate with one year of successful teaching experience, was secured.

During the past year a number of teachers have been doing advanced work and study. Scholastic requirements for teachers are gradually becoming more exacting, and with colleges and universities offering extension courses or regular work at week-ends it is possible for teachers to work for advanced standing or degrees while engaged in their regular teaching. The combination of actual classroom direction, as well as lecture-room study and discussion such as college gives is a most effective way for self-advancement. Beginning a year ago Miss Taylor and Miss McLain have carried on Saturday classes at Boston University and have also attended the summer school session. Mr. Jones has been enrolled in the extension course given at Concord by Harvard and Boston University professors. Miss Walsh has been enrolled in college extension work at Haverhill and at Concord under the direction of Harvard and Boston Universities. Miss Harris has been carrying on

study in elementary work at Boston University. Miss Nordin attended the summer session at Boston University last summer. It is quite unusual to find so many out of a group of ten teachers who are advancing their interests and qualifying for improved teaching and undertaking active, strenuous, and intellectual endeavor. Such self-improvement is not that alone, but means also, better understanding of fundamental problems which means finally better teaching. The "ranks" received by our teachers is another indication of their ability.

The manual training course in "Cabinet Making" being given this year for the first time enrolls nineteen high school boys, which lacks one of the maximum number that can be taken care of. The equipment of lathes, drills, saw, and planer has made it possible to do excellent work. The boys under the direction of Mr. Jones are doing that quality of work. Small tables, book-cases, book-ends, stools, and small cabinets have been made by the group. Materials are kept in stock. Before a project is begun the kind and amount of materials needed is estimated. Each fellow pays just what the materials cost, so that the outlay for lumber is in large part returned as the year goes on. It has been suggested that a second year be given which would require no more equipment but would require two more periods on the part of the instructor. The type of work done by grades seven and eight has gradually been "stepped up." Some of the simple, almost useless things, formerly done are replaced by beginning with something of use in the home. It is not necessary to waste months teaching boys how to handle and use tools. They will learn more quickly what a tool is for and how to handle it by having some worthwhile objective in mind. The work being done has been highly commended by those who have ample opportunity to know what other schools are doing in this line.

## ITEMS OF INTEREST

*High School Enrollment of Recent Years*

1930-31	66 pupils
1931-32	78 pupils
1932-33	111 pupils
1933-34	94 pupils
1934-35	119 pupils
1935-36	125 pupils
1936-37	134 pupils
1937-38	129 pupils

*From State Statistics Relevant to Public Schools*

	<i>State Av.</i>	<i>Goffstown</i>
No. of tardinesses per pupil.....	1	.7
Per cent of attendance.....	95.4	96.5
Pupils per teacher .....	21.6	27
Pupils entering high and graduating	62.2	73

1. We have about the same number leaving school as others have.
2. We have slightly larger percentage failing one course than other schools.
3. We have slightly fewer failing more than one course than other schools.
4. Once again we have a higher per cent of attendance than the average school by 1.1%.
5. During the past year, we had a good record on tardinesses. We have been better than the average on attendance and tardiness during the past six years.
6. Our number of pupils per teacher is steadily growing. We now have nearly thirty pupils per teacher where the average school has nearer twenty. Our figure

should not go beyond 27, where it has been the past year.

7. The percentage of pupils entering and completing high school is 11 points above the State average.

*Results of Scholarship Day Held for High School  
Seniors Last May*

In English 29 schools competed. Goffstown stood second with a score just three points under Laconia, which held first place, and Concord third place.

In Spelling 19 schools competed. Goffstown took first, with a score four points above the second place.

*Reading Examination*

A reading examination given to the present senior classes in the high schools of the State included three phases of English as follows: 1. Vocabulary. 2. Sentence Structure. 3. Paragraph Meaning.

The standard medium for seniors in various sections of the country (outside N. H.) is 102. The medium for the present senior class here was 107.5 or 5.5 points above the medium for thousands of seniors representing all types of schools.

There are many items relating to the schools which are of interest. There are many records and achievements so worthy of mention that there could be pages written noting the progress and reactions of pupils in various classes. It is not possible to do that here.

It is a privilege to have some part in the work for and with your young people, who form a splendid group. You have a capable, co-operating corps of teachers, and a school board whose concern is with the "output" and the "product" of the schools, as well as with the financial "outlay" necessary to maintain high standards in school work. To all with appreciation this report is respectfully submitted.

## REPORT OF THE SUPERINTENDENT OF SCHOOLS

---

### TOWN SCHOOL DISTRICT OF GOFFSTOWN

#### *To the Voters of Goffstown Town School District:*

There have been two changes this year in the teaching force. About the middle of October, Mr. Whitehead, for two years principal at the Bartlett School, asked to be released to accept a similar position in Chelmsford, Mass. The latter position involved more teachers, more pupils, and more responsibility. To continue the work at Bartlett, Mr. Philip Libby of Newfield, Maine, was secured. Mr. Libby is a Normal School graduate, and had taught with success before he came here.

The enrollment this year has increased at Parker's Station, where there now are 26 pupils. Also, at Grasmere there has been some increase. At Shirley Hill the number is 19. At the Bartlett School there are fewer pupils, especially is this true in the lower grades because of the fact that more of them are attending parochial schools. At the Grasmere rooms there are almost 80 pupils all told. There are about 45 in the upper grades—five to eight. This is too large a number, and too many groups for the best results. It has been our good fortune to have an unusually capable teacher there. But, in fairness to all, there should be rearrangement of partitions, which would provide an added room, and this would mean an additional teacher. For three teachers with the present number of students it would mean approximately thirty pupils per teacher. In schools where the number of pupils per teacher can be limited the maximum is sometimes set at 25 pupils per teacher.

Miss Gladys Follansbee who had taught grades three and four at the Bartlett School, resigned to accept a position in the schools at Winchester, Mass. Miss Helen Kendrigan of Manchester, a normal school graduate with experience, was elected to fill that vacancy.

The number of pupils having perfect attendance—meaning neither absent nor tardy—is very low—nine pupils out of two hundred eighty. The attendance is seriously affected by a few, who, because of ill health, are absent. One of them was absent 82 days last year and another 59. In other words, one was absent one-half the time; the other, one-third of the time. Not much work can be accomplished by those who labor under such a serious handicap.

The school census taken last September found 546 children between the ages of 5 and 16 years. There has been no substantial variation from this number during the past few years.

Again, to the members of the School Board and the teachers and to those who have helped in the work of the year, not in maintaining “schools” merely, but in actually helping young people to better opportunities and to a more wholesome outlook and purpose—to all, my sincere appreciation.

Respectfully submitted,

J. BYRON TARNEY.

## REPORT OF THE SCHOOL BOARD

### GOFFSTOWN TOWN SCHOOL DISTRICT

The Annual Meeting of Supervisory Union No. 19 was held at Dunbarton Center School, on May 18th, with Luther D. Colburn, Vice Chairman, presiding, because of the illness of Mr. Roland Barnard, when Mr. J. Byron Tarney was re-elected our Superintendent.

The amount due from our District to the State Treasurer's office, remains at the same rate, two dollars for each pupil enrolled for next year. During the year minor improvements and up-keep were included in our estimate.

The Tibbetts Hill School was sold during the year, and one down-payment has been made upon same. There still remains the giving of a clear title, and closing transaction.

The East Part School house has been loaned to the 4-H Club of that District, for a place to hold their meetings.

The Bartlett School also has been loaned to several different parties including the Democratic Club, the Tax Collector, and Supervisors.

There have been two changes made among our teachers this year, and no doubt will be mentioned in the Superintendent's report.

Again the Board wishes to acknowledge the faithful work and co-operation of its Superintendent, teachers and parents.

Respectfully submitted,

RAYMOND C. GREER,

*Chairman of the School Board.*
